

- c. EG presented a request for partial funding for his trip to present at the American Geophysical Society in December. The presentation is titled "Inhibition of Gypsum Precipitation for Subsurface Barrier Formation. Sponsor is Dr. Barcelona from WMU. Exec Committee agreed to fund the abstract and registration fees of \$115.

6. Around the table

- a. Attendance for Chem Day was above 600. Survey Monkey was used to obtain feedback on the event and all but one response was positive.
- b. MK indicated there was still time to RSVP to the social event.
- c. CS has contacted Kate Sellar from National to help with website design. Waiting for a reply.

Meeting adjourned at 7:38 PM.

Next Meeting: Wednesday Dec. 3, 2008 at 6:00 PM at TGIFridays.

Minutes submitted by Carl Stachew.
