

Chemistry Day at the Museum

Free!

Hands-on activities and resources for all ages!

Saturday, Oct. 12 • noon – 4 p.m.

Kalamazoo Valley Museum • 230 N. Rose St., Kalamazoo

The event is co-sponsored by the **Kalamazoo Local Section of the American Chemical Society** (www.KalamazooACS.org) and the **Kalamazoo Valley Museum** (www.KalamazooValleyMuseum.org)

As a community service, we will collect spent batteries for responsible disposal.

Learn about **Energy Conservation** and the **KVCC Wind Turbine** as part of this year's energy theme, in addition to annual favorites like **Slime** and **Iron in Cereal**. There will be over 25 different activities.

Join the fun!

Silly putty experiment during NCW.

Colorful chemistry.

Can you see the iron in your cereal?
